

# 1st Class Leisure Activities Aboard The Titanic

Journal of Scott Sterling

1912, April 10

Today I boarded the Titanic  
with some of my mates from my  
hometown in Ireland. Us  
bachelors have always dreamed  
of moving to New York and  
starting a little Irish pub. I  
have heard there are many  
activities to do aboard the ship,  
tomorrow I shall see what  
interests me.

1912, April 11

Today I got myself a nice workout in the 1st class gym. The physical trainer, Mr. Thomas McCauley, was very helpful in training me. I enjoyed using a rowing and cycling machine, and also the electric horse and camel. I went at 3:00 pm because the gym is only open for men between 2:00 and 6:00 pm.

1912, April 12

Today I went to the 1st class squash court. I went with my mates and we had a great time. The attendant supplied us with racquets and we played for two hours. It was quite enjoyable, and I can't wait to go the Turkish baths tomorrow to relax

1912, April 13

Today I went to the Turkish baths and it was very relaxing. I went in the steam room, the temperature room, and a shampooing room. I also went on an electric bed. I am not sore at all from yesterday anymore.

1922, April 14

This morning I went to the 1st class heated swimming pool. It was very fun to swim around in the pool and be warm at the same time. I have never been in a heated pool before, so this was very amazing.
